973-702-8380*

For Chapter information. Call or email jjdesaye@yahoo.com

Changes in Website

Effective October 1 We will be combining with the other chapters in New Jersey at njgrouse.com I will publish a link this week as I am still trying to work the bugs out of my new high speed internet service and provider. as soon as possible I will get this underway. We will still have chapter news available at the website and little should change except that Both I and Mark of the south jersey chapter believe this will help us coordinate and work better together and will be much easier on me. I have way too much going on in RGS and I must decide whether I want to work on this website or work on getting projects coordinated. It is not much of a choice. I will be sending out more newsletters at least at first so everyone can get used to the changes thanks for your patience Jim

Our next meeting date will be Thursday November 4 at the Lafayette house at 7:00PM Topics of discussion will be Getting a shorter and more realistic grouse season starting next year, The purchase of dress shirts to be worn at the banquet, Most importantly the possibility of getting a new regional director from RGS.

Upcoming dates of events –

October 16,2004 work project Flatbrook WMA plant trees and check on previous work 9:00AM Blewett tract parking area **HELP IS NEEDED ON THIS DATE.**
